

# Discipleship Display

By:Trevor Ghyzel

# San Clemente Youth Lacrosse

For my discipleship display I have volunteered to help younger kids start and improve at lacrosse. As a sophomore varsity athlete for the San Clemente High School team my goal was to be a leader for newcomers to the sport. Over time my coach ran programs for youth kids to attend in hopes to improving. At these programs and clinics every Sunday morning I volunteered to help them succeed in this sport. Each clinic was around 2 hours. I contributed in hopes to better the community and to make a impact on the future of San Clemente Lacrosse. The discipleship teaching I displayed in this was The Dignity of Work.

# Lions Heart Volunteering

During my journey of becoming a confirmed Catholic I participated in a vast amount of volunteering in Lions Heart. Last year I received the Gold award which is completing over 50 hours of community service. My discipleship display inspired me to work towards completing this help that our community needs. I have participated in acts like making impactful cards for senior citizens, making dog treats by hand for dog shelters, and “care packages” for families in need. The discipleship teaching I displayed in this was The Dignity of Work.
