

# DISCIPLESHIP DISPLAY

---

- I did 2<sup>nd</sup> Harvest food bank for my school service hours project on March 20<sup>th</sup> up in Irvine. We packed food and sorted it into different crates and made sure that it was or wasn't good enough for people to eat and help them stay healthy. The Catholic social teaching it displays is the option for the poor and vulnerable because when we packed the food it was sent off to feed people that needed it most and for people that usually go hungry a lot of the times.
