Why

I went to the second harvest foodbank so I could use God given skills I have to help benefit others. I used my strength and endurance.

Where

We went to the orange county second harvest warehouse. This warehouse was in Irvine California by the great park. The warehouse was quite large, but it was filled with smiling faces and people willing to help.

when

I went to the food bank on April 20. I went from 9 am to 12 pm.

How

At the food bank, I personally moved over 480 lbs. of products such as grapefruits, lemons, and potatoes.

Catholic Social Teaching

The catholic social teaching displayed in my service was the dignity of work and rights of others.
