Pictures (Life Rolls On)

Descriptions

- Why: I did this in order to give other people who are less fortunate than most a chance to live their dream of being able to surf.
- Where: I helped serve in Huntington Beach with the organization called *"Life Rolls On"*
- When: I helped serve on August 27, 2022.
- How: I would help take the disabled people in wheelchairs to the water where they would be put on these special made surfboards and taken off to ride some waves.
- Catholic Social Teaching being displayed: The Catholic Social Teaching that was being displayed there was *"Life and Dignity of the Human Person,"* because me and the many other people there were showing to those who are less fortunate than others that their lives are valued, and people care about them.
